Vehicle Load Restraint
Product Range

Behind you all the way

A collision or heavy braking can be deadly...

...if your tools
slam forward!

...if your 4WD/SUV
rolls over!

...if your shopping
shoots forward!

...if your sports bag
knocks you over!

Milford Cargo Barriers for vans and commercial vehicles

The ultimate in employee protection!

We provide maximum occupant safety from the potentially lethal effects of unrestrained load, giving piece of mind to company directors and fleet managers.

Milford Cargo Barriers for SUV/4WD vehicles

For death defying protection off road!

Designed and tested to protect you, your family and your passengers from potential disaster even in the most demanding driving conditions.

Milford Cargo Barriers for passenger vehicles

Family protection you can count on!

Without it the odds are stacked against you and your loved ones – don't risk taking your family anywhere without one.

Milford Safety Net - safety with style and flexibility

The Milford Safety Net for 4WDs, SUVs and Cross-Over vehicles is today's lifestyle choice for active, safety conscious vehicle owners.

Insist on Milford Cargo Barriers for the ultimate in safety

It's incredible the damage that loose loads can do to the occupants of a vehicle when braking in an emergency or in the event of an accident or roll over. Save those you care about from potentially lethal loads like groceries, work gear, camping or sporting equipment, all of which can be hurled forward at great force. Remember that a suitcase weighing the airline limit of 20kg, hard up against the seat, will strike with the force of a Harley Davidson® in a 48kph crash!

Not only does a Milford Cargo Barrier restrain heavy loads but in the case of a roll over can keep the roof from collapsing by acting as a structural bulkhead. This makes it an essential part of any vehicle travelling outside city limits.

Milford - Behind you all the way

For more than 20 years, Milford has successfully designed, tested and manufactured its unique range of Vehicle Load Restraint (VLR) products to the highest possible standards. Milford is independently accredited by the Australian Testing Authority (NATA) to test its products to AS/NZS 4034, the most stringent load restraint performance Standard in the world.

Milford has the largest range of VLR products worldwide with a range of more than 200 Cargo Barriers and Safety Nets to suit all manner of Passenger, Light Commercial and Sports Utility Vehicles.

Insist on Milford - otherwise the odds are stacked against you and your family.
